On or around 23 June, Olympic & Paralympic Day is celebrated around the world. Hundreds of thousands of people – young and old – get moving and participate in sporting and cultural activities - runs, exhibitions, music and educational seminars. Over the last two decades, the event has helped to spread the Olympic ideals of excellence, friendship and respect and Paralympic values of determination, equality, inspiration and courage, to every corner of the world. This year, the Northern California Olympians and Paralympians are celebrating by playing Pickleball.
